

# Beef Producer Annual Meeting

Hosted by the  
Kirkton Veterinary Clinic

**Thursday November 29<sup>th</sup>, 2018**

**\*\* Ilderton Community Centre \*\***

13168 Ilderton Road, Ilderton, Ontario

6:30pm

### Beef Cattle Nutrition: Mineral Supplementation and Views from the Field

Mark Gerber from Zinpro will discuss the importance of balanced mineral supplementation in cow-calf and feedlot rations and the health advantages gained by doing it right. Jamie O'Shea, Beef Specialist from Grand Valley Fortefiers will discuss tips and tricks from the field that have resulted in healthy, well grown cattle and profitable producers.

### Reproduction Momentum – From heifer to cow – getting them all pregnant

Dr. Blake Balog, a Veterinarian with XLVets Canada and Bow Valley Livestock Health will discuss the importance of replacement heifer rearing and maximizing reproductive efficiency through management of all the females on the farm.

### Antibiotic Stewardship

Dr. Roy Lewis, Technical Services Veterinarian with Merck Animal Health will update us on the new regulations coming into effect December 1<sup>st</sup>, for the purchasing of all medically important antibiotics and why these new regulations are necessary to protect the health and safety of humans and animals.

Kindly RSVP to the clinic by November 22<sup>nd</sup>
